

## TWIN CITIES HAVE DISASTROUS SLEET STORM

### WIRE SERVICE IS BADLY CRIPPLED; SNOW FALL HEAVY

EXPECTED FLOOD CONDITIONS  
ALREADY BAD WILL BE  
MADE WORSE

### FLAT DWELLERS DRIVEN FROM THEIR HOMES BY FLOOD IN TWIN CITIES

(By United Press.)  
St. Paul, April 11.—The third disastrous sleet storm within the last two months held this section of the country in its grip today.

The sleet started late last night, carrying down telephone and telegraph lines throughout this section and hampered rail traffic.

The storm changed to snow and early today from two to eight inches covered the ground. Much of it had melted. Rivers throughout the upper Mississippi basin are already full and overflowing. The precipitation of last night is expected to swell flood conditions with possible extensive damage.

Many families on the flats of the Mississippi were forced to leave their homes last night. They had been expecting to go at any time as the flood waters gradually crept up. Hundreds of other flat dwellers were prepared to move because of the rapid rise in the river due to high waters in lakes and streams in the northern part of the state. A dam in the Sauk river went out yesterday and several others were threatened. The temperature early today stood just at freezing. A strong wind was blowing, causing heavy damage to wire lines.

Telephone and telegraph companies have not yet recovered from the storms of February and March which carried down thousands of miles of communication lines in seven middle west states. Damage from the storm now raging is not expected to be as heavy as from the large storm when sleet fell for two days. Last night's storm carried down temporary wires and undid much repair work which has been done, however.

### GIVES BIRTH TO GIRL TRIPLETS

(By United Press.)  
St. Paul, April 11.—Three baby girls were born to Mr. and Mrs. Archie C. Peterson of South St. Paul this morning.

They haven't been named yet, but are numbered in the west side hospital. Each weighed about four pounds.

### Equity Co-op Exchange Authorize One Million Dollar Bond Issue

(By United Press.)  
St. Paul, April 11.—Operative capitol for the Equity Cooperative Exchange of St. Paul will be raised immediately by one million dollar bond issue authorized by stock holders here Monday.

J. M. Anderson, president of the Exchange, said \$600,000 in bonds would be floated immediately and the remainder floated when conditions justify such action.

### N. D. INDUSTRIAL ENTERPRISES ARE IN VERY BAD CONDITION

(By United Press.)  
Bismarck, N. D., April 11.—Industrial enterprises are in "very serious" financial condition according to the audit report of the Bishop-Brissman company made public today.

Liabilities are said to be \$1,784,421.44 in excess of demands or current assets for the banks of North Dakota, the mill and elevator association, the home building association, and the industrial commission.

### GOVT. WILL TAKE NO ACTION NOW TO END COAL STRIKE

(By United Press.)  
Indianapolis, Ind., April 11.—The government will not take any action now to end the nation wide coal strike, it was learned definitely today.

## Stoner Dam on Crow Wing is Safe and Sound

### LEGLESS CRIPPLE SUCCEEDS; ADMINISTERS OWN LAST SACRAMENT

(By United Press.)  
St. Paul, April 11.—Kneeling before an improvised altar where she had administered her own last sacrament, Miss Anna Moore, legless cripple, was found dead today. She had carefully planned and executed her death by asphyxiation. Miss Moore improvised an altar over which she had draped an elaborate spread. On it lay a bible. On the sides were red candles in pretty red sticks. A small goblet containing a little wine gave evidence that Miss Moore had taken the last communion while clasping close to her breast a golden crucifix. The gas jet was wide open. The candles had burned out.

Miss Moore lost both limbs several years ago. Friends said she tired of living under her handicap. She was 35 years old.

The body was discovered when she failed to answer the usual "good morning" of her land lady.

### BATTLE IMPENDS BETWEEN THE TWO IRISH FACTIONS

(By United Press.)  
Athlone, Ireland, April 11.—A battle between the free state and rebel troops—the first showdown in the armed insurrection against the provisional government—was in prospect here this afternoon.

Loyal troops last night drove insurgents from the local barracks which the De Valeraites had seized. The rebels returned to attack with an augmented force and recaptured the barracks early today.

### NEW TARIFF BILL IS REPORTED TO SENATE

SAID BY FRIENDS TO BE MEASURE  
THAT WILL HELP AMERICAN  
BUSINESS

PROVIDES FOR FOREIGN VALUATION  
OF GOODS THAT ARE  
IMPORTED

(By United Press.)  
Washington, April 11.—The senate tariff bill—the product of months of tireless deliberation, is a measure designed to protect the American manufacturer, worker and farmer, and to raise a revenue of about \$350,000,000 a year, was reported to the senate today by Senator McCumber, chairman of the finance committee.

Its friends held it as a remarkable piece of work destined to help American business, shielding it from the inroads of foreign "dumping," price cuts and general competition. Its enemies designate it as a tariff "protecting" American farming and big business at the cost of "increased living prices for the general public."

Based on foreign valuation of goods, it is rated for a stormy time both in the senate and house. An outstanding feature of it is that it raises rates on farm products and in general maintains a level about on a par with the Payne-Aldrich bill.

Senate backers say it will pass by July—with foreign valuation.

House ways and means republicans appear wrathful, saying that foreign valuation must be ditched if the bill is to get through both houses.

Some are saying it will never be passed in this session, but must wait until the next.

Whenever possible the dutiable value is to be the foreign value or the export value, which is higher. Foreign value is defined as the "price at the time of exportation, to which the same or similar merchandise is offered for sale, in the principal markets of the country from which exported." The export value is a price which such or similar merchandise is offered in the foreign country at wholesale costs for exportation, plus the cost of containers and covers and all other charges incident to preparing the goods for exportation.

### TERRIFIC STORMS CAUSE HEAVY LOSS IN MIDDLE WEST

TWO ARE DEAD, MANY INJURED,  
AND PROPERTY LOSS HEAVY  
IN SOUTHWEST

WISCONSIN, MICHIGAN, OHIO AND  
INDIANA ALSO SWEEPED BY  
STORM

(By United Press.)

Beardstown, Ill., April 11.—The levee protecting Beardstown from the Illinois river, broke shortly before noon today releasing a wall of water on the city.

Twenty-six square blocks were flooded within a few minutes. Residents of the city had worked constantly for five days trying to strengthen the levee to hold back the flood waters.

The flood did a large amount of damage, but no lives were lost as the inhabitants had ample warning and moved out, taking their personal belongings.

Floods caused damage amounting to millions of dollars through the middle western states today.

Rivers swollen by days of continuous rains overflowed their banks flooding lowlands and menacing cities.

Storms continued. Rain swept before high winds falling in southern sections and sleet and snow in northern sections.

The situation as represented to the United Press from various sections is as follows:

Minnesota—Rivers throughout the Mississippi basin overflowing their banks. Sleet and snow demoralizing telegraph and telephone lines and rail transportation.

Wisconsin—Flood waters sweeping down all rivers, menacing several cities. Rains continue.

Illinois—The Illinois and other rivers are at the flood stage. Rains continue, and heavy loss already has been reported from floods. The levee at Beardstown broke flooding 26 city blocks.

Indiana—Winds and rain with rivers at flood stage.

Michigan—Floods throughout northern section of the state—one dead in flood.

Ohio—One dead and heavy property loss in wind storm.

Southwest section—Rivers in Kansas, Oklahoma, Missouri, Texas and Arkansas flooded. Farm lands under water. Heavy property damage. Two dead.

The storms are moving northward toward the St. Lawrence valley and will continue with less force for 24 hours, according to the Chicago weather bureau.

Milwaukee, Wis., April 11.—Rain which has been falling for the past two days continued today increasing the danger of floods throughout the state of Wisconsin.

Cities along the Wisconsin, Flambeau, Chippewa, Big Wausaukee, Fox and Wolf rivers were being menaced by flood waters.

Considerable damage has already been reported. Telephone and telegraph poles are being swept down by rising waters over the highways, cutting off wire communication.

One Life Lost in Floods in Michigan  
Detroit, Mich., April 11.—One life was known to have been lost and property damage running into thousands of dollars was being caused today by floods throughout northern Michigan. Guy Stanton, 34, lost his life while attempting to save the Lost River dam near Onaway.

Cyclone in Ohio  
Springfield, O., April 11.—One man is dead, four persons are in hospitals and property loss will run near \$100,000 today as the result of a cyclone which swept over Clarke and Champaign counties last night.

Heavy Rains in Indiana  
Indianapolis, April 11.—Rain storms

sweeping central Indiana today had filled rivers and streams to the flood stage. Winds of big velocity accompanied the rain and razed buildings and did other property damage.

Southwest Also Swept by Storms  
Kansas City, Mo., April 11.—Two dead, seven injured and \$400,000 property damage was the toll estimated today from floods, dust storms, tornadoes and snow storms which swept parts of the southwest in the last 24 hours.

Rivers in Kansas, Oklahoma, Missouri and Texas were flooding farm lands. Dust storms swept Texas and Oklahoma in places. Snow fell in western Kansas. Tornadoes injured seven near Joplin, Mo.

Mrs. Joe Herring was killed in a wind storm near Frederick, Oklahoma. One man was drowned in a flood near Liberty, Kansas.

### PROFITABLE YEAR LOOMS FOR MINNE- SOTA FARMERS

STATE WINTER WHEAT EXPECTED  
TO BE ONLY SLIGHTLY LESS  
THAN IN 1921

Minneapolis, April 11.—Minnesota will in 1922 produce a winter wheat and rye crop but slightly below production of 1921, and general indications are for a profitable year for farmers, on the basis of present favorable conditions, officials of the bureau of markets of the United States department of agriculture predicted today.

The United States as a whole will produce 572,974,000 bushels of winter wheat, according to the forecast, against 587,032,000 bushels in 1921.

Conditions of winter wheat and rye in Minnesota are highly satisfactory and indicate a large crop, a report issued today by Paul H. Kirk, statistician of the Minnesota co-operative crop reporting service and the bureau of markets, said.

His report, agreeing throughout with the national forecast issued by the department of agriculture, outlines the following conditions pointing to a successful year for Minnesota farmers.

Winter wheat is 87 per cent normal, compared with 88 per cent in 1921.

Plenty of snow covering has done much to protect the winter wheat and rye crops.

Minnesota farmers will have 8 per cent more brood sows in 1922 than in 1921.

The supply of farm labor is 103 per cent of normal, and the need for farm labor, compared with normal, is 89 per cent.

Last fall, wheat in the greater part of the seeded area was planted under favorable conditions, except in the extreme southeastern part of the state, where it was too dry, Mr. Kirk said, and plenty of snow has made conditions this spring, outside of some damage from ice covering, generally favorable.

The condition of rye on April 1, 1922, is 90 per cent of normal, compared with 92.5 per cent at the same time last year. Generally, with possibly some smothered by ice covering and some decrease in the extreme northwestern section of Minnesota through late seeding, the condition of rye, though it has little spring growth, is "very favorable," he said.

"Practically every county in the state reports an increase in number of brood sows compared to last year," Mr. Kirk said. "With fairly cheap corn and good prices for pork, farmers are going heavy in the raising of pigs this year. It is estimated that there are 8 per cent more brood sows on farms than one year ago, or about 442,000 breeding sows on farms April 1."

"The supply of farm labor is 103 per cent of the normal supply and the need for farm labor, compared with normal need, is 89 per cent, with a percentage of supply to demand of 119.7. In 1921 the percentage of supply to demand was, for Minnesota, 105 per cent. The unemployment in Minnesota, however, is not as great as in other states with larger industrial cen-

### RUSSIANS DEMAND JAP WITHDRAWAL FROM CONFERENCE

DEMAND CAME AS A BOMB SHELL  
TO MEETING; JAPS PRE-  
SENT DEMAND

PRESENTS PROGRAM OF SOVIET  
GOVERNMENT FOR REHABIL-  
ITATION OF EUROPE

(By United Press.)  
(United Press Staff Correspondent.)

Genoa, April 11.—Protest against the presence of Japan at Genoa was raised at the economic conference's first political committee meeting this afternoon by George Tchitcherin, head of the Russian delegation.

Count Ishii, of the Japanese delegation, reported that Japan was here to stay whether Tchitcherin liked it or not.

The Russian spokesman fulfilled the role assigned him by observers as the "leader of the opposition" to Lloyd George at the conference.

Today when the conference was divided into four committees, Tchitcherin, addressing the political branch of the parley, declared Japan should not be represented at Genoa. He suggested that the eastern empire was not interested in strictly European affairs.

The demand for Japan's withdrawal came as a bombshell to the other delegates. It was the biggest surprise of the conference so far. Japan is a member of the allied supreme council, and as such, since the war, her statesmen have always taken part in general European deliberations.

Tchitcherin also presented a program of the Soviet government for rehabilitation of Europe, and reiterated his statement of yesterday that disarmament must be considered at Genoa.

The demand for farm labor is greatly reduced because farmers do not feel they are in a position to hire help, as was the case a few years ago. Many farmers plan to farm only what they can without hiring extra help, except at harvest time.

Winter wheat throughout the United States is 78.4 per cent of normal, giving a forecast production of 572,974,000 bushels, a report from the crop reporting board of the bureau of markets says.

"The final production for 1921 was 587,032,000 bushels and for the 1920 crop, 610,597,000 bushels," the report continues. "The acreage of winter wheat seeded in the fall of 1921 is estimated at 1.2 per cent less than that seeded in the fall of 1920."

The condition of rye is 89 per cent of normal, giving a forecast production of 69,667,000 bushels, a heavy increase over the final production for 1921, reported at 59,918,000 bushels. Production for 1920 was 60,490,000 bushels. The increase is explained by an acreage seeded in the fall of 1921, 22.6 per cent greater than in the fall of 1920.

An 11 per cent increase in the number of brood sows on farms in the United States is reported, showing an increase over April 1, 1921, of 12,424,000.

The labor supply nationally is 99.5 per cent of normal, while labor demand is 89.3 per cent of normal, the report says. Last year the supply was 92.5 per cent of normal and the demand was 87.5 of normal. The percentage of supply to demand is 111.4 per cent while in 1921 it was 108.8.

The state and federal free employment offices under the direction of the state industrial commission are unable to meet the demands for farm labor throughout Minnesota and this class of workmen are urged to make application at one of the three offices, J. D. Williams, member of the commission, said today. The commission maintains free employment offices in Minneapolis, St. Paul and Duluth. Of 517 requests for farm labor registered at the three offices in March, 445 were referred, while 179 workmen were reported placed, a report said.

### EXCLUSIVE CONTRACTS VIOLATE ANTI-TRUST LAW, RULES COURT

(By United Press.)  
Washington, April 10.—Contracts of manufacturers with retailers which prohibits the latter from handling products of competitors violate the Clayton anti-trust act, the supreme court ruled today.

This involves contracts of the Standard Fashion company, dealers in patterns, and was brought by the Meagren-Houston company of Boston.

### FLOCK OF WHITE PELLICANS APPEAR IN MINNEAPOLIS

(By United Press.)  
Minneapolis, April 11.—About fifty white pelicans surprised south Minneapolis and attracted hundreds of residents to Lake Nokomis.

No pelicans have been seen in this section since a flock arrived on Cedar lake about five years ago. The birds filled up on small fish and started north.

### WOMAN SUES EXPRESS CO. FOR DAMAGE FOR HORSE BITE

(By United Press.)  
Minneapolis, April 11.—Duke bit Mrs. Jessie A. Nelson on the left arm and she sued for damages. Mrs. Nelson and her husband asked \$1,500, the latter for loss of his wife's services. The American Express company was adjudged liable to the extent of \$1,500. Duke is a truck horse.

### FEDERAL TAX UPHELD BY SUPREME COURT

(By United Press.)  
Washington, April 10.—The constitutionality of the federal state tax as applied to municipal bonds, was upheld today by the supreme court.

### LABOR WAR BREAKS OUT IN CHICAGO

CONTRACTORS HOMES DEMOLISHED BY BOMBS—CONTRACTOR  
AND BABY HURT

(By United Press.)  
Chicago, April 11.—Building contractors barricaded their homes here today following the first outbreak of Chicago's labor war.

Homes of two contractors, both members of the citizens committee to enforce the anti-builders award, were partly demolished by bombs during the night.

Bombs burst in the homes of Simon Regan and Henry O'Callaghan, two of the largest plumbing contractors in the city. O'Callaghan and his baby daughter were seriously injured.

### TEACHERS' SALARIES NOT COMING DOWN

INQUIRY BY STATE SUPERINTENDENT REVEALS THERE HAS  
BEEN NO REDUCTION

(By United Press.)

St. Paul, April 11.—Teachers' salaries in Minnesota are not coming down. Instead, in a great many cases, they are being increased for the next school year. A questionnaire sent out by B. G. Schultz, secretary of the Minnesota Education association, to one hundred superintendents of city and village school systems revealed that out of eighty replies reported, ten reported increases for teachers reelected, varying from \$2.50 to \$19 per month. Maintenance of present salaries was reported by 26, and 17 made no reductions in wages of teachers reelected, but will reduce compensation of new appointees.

Fifteen have made reductions varying from five to ten per cent from the schedule. All others reporting have not yet taken action.

### REINFORCEMENT OF WEST WING IS CONTINUING

WEATHER CLEAR AND COLD DURING  
NIGHT AND CHECKED  
RAPID THAW

WATER AT DAM IS RECEDING  
SLOWLY, AND CRISIS NOW  
BELIEVED OVER

BULLETIN

Stoner dam of Cuyuna Range Power company on Crow Wing river eleven miles from Brainerd is safe and holding in fine shape. Reinforcement of west wing continues, additional sacks being received from Brainerd. Gunnybags filled with sand weighing 200 pounds each are used along the wing and embankment.

Brainerd volunteers and countryside ready at a minute's notice to respond to any further calls if help is needed.

Water at Stoner dam is receding a little. Reported Mississippi fell a foot at Little Falls since last night. Mississippi still slowly rising at Brainerd this morning.

Weather this morning is clear and cold, northeasterly wind, thermometer at 30 above last night. Weather is checking thaw.

Report that blasting out the dyke above Stoner dam to relieve pressure was a serious mistake, is denied. Land flooded belongs to power company.

Now that the immediate danger of the flood situation at the Stoner dam is temporarily over, one can review the situation in the area below Brainerd.

The Melrose dam over the Sauk River at Melrose went out at 1:30 a. m. Monday. A heavy sheet of ice from the west struck the dam with considerable force and a hole of about 40 feet was torn in the structure. The dam is 200 feet across.

The Sauk River wagon bridge, several rods below the dam, was slightly damaged and was saved only by a heavy clump of large willow trees just above it which broke the rush of the water.

At Fort Ripley  
The Northwestern Telephone company established telephone service at the Fort Ripley bridge so that Little Falls can be kept in touch with the situation and be notified if the Stoner dam went out.

Country Below Notified Early  
The situation at the Stoner dam on the Crow Wing river was early broadcast Saturday at 5 p. m. by the Brainerd Dispatch. At the same time the Little Falls Water Power company was notified of conditions so as to prepare for trouble if the dam went out on the Crow Wing river.

Little Falls' Situation  
The Little Falls Water Power company feel confident, it is reported, that the Little Falls dam will hold, but the water may break around the ends. If the Stoner dam should go, the upper wagon and railroad bridges would not hold, and it was considered possible that the Broadway bridge may even give way.

Mayor Bergheim of Little Falls issued notice to all dwellers on the low land south of First avenue S. E. in Little Falls, says the Daily Transcript, to be prepared to leave their homes if the word came that the Stoner dam on the Crow Wing river had given way.

It was figured that it would take the crest of the flood three hours to reach Little Falls. Merchants were warned to remove all valuables from their basements, as the high water is causing the sewers to back up and the basements may be flooded at any time.

The government reserve dam at Gull lake was completely closed at 10:30 a. m. Monday to hold back the flood water and to relieve the situation at the Stoner dam below.

## THE WEATHER

Forecast for next 24 hours:  
Minnesota—Cloudy tonight  
and Wednesday. Possibly snow  
flurries in extreme east por-  
tions tonight. Somewhat warm-  
er Wednesday in south portions.

Cooperative observers record:  
Apr. 10—Maximum 42, mini-  
mum 32. Reading in evening  
40. Northeast wind. Cloudy.  
Trace rain. Barometer 28.4.  
April 11—Minimum during  
night 30. Northeast wind.  
Clear. Barometer 28.2.

## LOCAL NEWS NOTES

Water will be shut off Wednesday  
morning on the north side west of  
Seventh street.

Miss Maude Williams and Miss  
Florence Simmons have returned from  
a visit in Minneapolis.

For Sale—One Ford ton truck.  
Herbert Peterson, 617 Norwood St.  
2624f

Mrs. M. H. Nelson has returned to  
her home in Brainerd after spending  
the week end at the J. S. Guerin  
home.—Little Falls Daily Transcript.

For Rent—160 acre farm. H. W.  
Olson, Rt. 2, Ft. Ripley, Minn.  
26113

Bruce Hayes has added one of the  
largest wireless outfits to his home  
in Brainerd. He has a two step am-  
plifier, with an aerial with four wires  
60 feet built on the roof.

Regular meeting of White Cross  
Lodge No. 30, Knights of Pythias to-  
morrow night at 8 p. m. Work will  
be in rank of Esquire.

son Pool Hall. Champion club swing-  
ing, dumbbell lifting. Champion of all  
champions. Free tonight. Prof. Don-  
ahue. 1tp.

Leo G. Sharyon and Frank Bouras-  
sa motored to Brainerd yesterday.  
They report that road in poor con-  
dition between Ft. Ripley and Brain-  
erd.—Little Falls Daily Transcript.

## THE HAT YOU CHOOSE

Is of the utmost importance. A  
costume may be made or marred by  
the hat accompanying it. From the  
infinite variety of hats shown at THE  
KRACHER MILLINERY SHOP an ap-  
propriate one of becoming lines may  
be easily selected. Tailored sailors  
are much liked for early street wear;  
also small, flower-trimmed turbans.  
These with close-fitting or draped  
veils, in either novelty mesh or with  
gay dots, assure a trig appearance at  
all times.

Laurel Street

Mrs. Peter Sands of 1221 Pine  
street S. E., passed away early this  
morning. Arrangements of the fun-  
eral so far as is known now will be  
from the Bethlehem Lutheran church  
at 2 o'clock on Friday.

Mrs. Sigvard Leafson died in Min-  
neapolis Monday while visiting her  
daughter. The remains are to be  
sent to Brainerd for burial. She  
leaves three children, Mrs. O. H.  
Gram and Fred Leafson of Brainerd  
and a daughter in Minneapolis.

The Rotary club will hold its week-  
ly luncheon on Wednesday at 12:15  
at the Ransford. This date is chang-  
ed that the club may have the privi-  
lege of hearing C. N. Meserve, regional  
director of the Boy Scouts of America,  
who will be the guest of the club.

## Driven to Extremity

Kansas Paper—There's a girl  
our town wearing a handsome di-  
mond ring and is deathly afraid of  
burglars. At night when she goes  
she slips said ring on her finger  
for safety.—Boston Transcript

Try a Can of  
Hiawatha Corn  
and Tomatoes

When you open a can of  
HIAWATHA TOMATOES  
You are greeted with the full  
Tomato flavor, such as you en-  
joy when eating them out of  
your own garden.

There is a great difference in  
CANNED CORN

You get the best quality in  
Hiawatha Brand, Golden Ban-  
tam Corn. Try a can, it costs  
but very little more than the  
ordinary cheap kinds.

The Best is the Cheapest

HOW SIXTH DISTRICT  
VOTED ON SENATOR

The Sixth congressional district  
gave Senator Kellogg a very large ma-  
jority of its votes, as will be seen by  
the following roll call by counties:

Kellogg	Hallam	Leach
Aitkin	7	1
Beltrami	9	2
Benton	8	2
Cass	9	2
Crow Wing	10	2
Hubbard	7	2
Morrison	8	3
Sherburne	6	2
Stearns	21	2
Todd	12	2
Wadena	7	2
Total	104	8

The Aitkin man who voted for Hal-  
lam was instructed to vote for Kel-  
logg, and the three Morrison county  
men who voted for Hallam are charged  
with breaking their word to the rest  
of the delegation.

## Hold Monthly Meeting

The regular monthly meeting of  
the Business & Professional Women's  
club will be held this evening in the  
lounge rooms of the Chamber of  
Commerce at 7:30. All members are  
asked to attend.

A report by the general of the sell-  
ing campaign, Maybelle Greweck,  
will be read and additional informa-  
tion regarding the campaign and the  
pictures to be presented will be offer-  
ed. Some girls have sold all of their  
tickets, and are ready for more, and  
all should work with the same en-  
thusiasm.

## SEAT SALE FOR "THE BAT"

Opens Wednesday, April 12, at the  
New Park Theatre, Mail Orders  
Being Received

The sale of seats for the coming  
presentation of "The Bat" at the New  
Park Theatre on April 20th opens  
Wednesday, April 12. Manager Force  
of the New Park theatre declared yes-  
terday that there is greater interest  
being manifested in the forthcoming  
visit of "The Bat" than he has ever  
seen before in advance of a theatrical  
event. This is the play that broke  
all theatrical records for the amount  
of business transacted during the first  
year of its run in New York—it is still  
being presented there—as well as es-  
tablishing new marks, both for the  
amount of business done and for the  
length of its run in Chicago where it  
played one solid year.

"The Bat" comes here, staged ex-  
actly as it was presented in New York  
and Chicago and played by an excep-  
tionally fine company.

## A Changing World

"We are living in a changing world.  
I never thought I could ever be cured  
of my stomach trouble. Medical sci-  
ence seemed unable to help me. But  
thank God, we are progressing and  
now Mayr's Wonderful Remedy has de-  
livered me from all stomach symptoms."  
It is a simple, harmless preparation  
that removes the catarrhal mucus  
from the intestinal tract and allays  
the inflammation which causes prac-  
tically all stomach, liver and intes-  
tinal ailments, including appendicitis.  
One dose will convince or money re-  
funded. Johnson's Pharmacy and lead-  
ing druggists. Adv.

PRESBYTERY OPENED

Spring Session Commences This Eve-  
ning at First Presbyterian Church  
Dr. W. R. Harshaw Speaker

## SECY. NEW ERA MOVEMENT

At Business Session on Wednesday a  
Lay and Clerical Commissioner  
to be Elected

The Red River Presbytery opens its  
spring session this evening at the  
First Presbyterian church. Dr. W.  
R. Harshaw of Minneapolis, secretary  
of the New Era Movement of the  
Northwest, will deliver an address.

The principal business will be  
transacted Wednesday when a lay  
and clerical commissioner will be  
elected to the general assembly at  
Des Moines, Iowa. A special commit-  
tee appointed last fall will report on  
the draft of new standing rules.

The moderator is Rev. R. L. Barr  
of Clithral. The Presbytery in-  
cludes 28 churches and 16 clerical  
and many lay delegates are expected  
at the Brainerd meeting.

## DENTAL CLINIC OF THE SCHOOLS

Just Completed Under the Direction  
of the City and School Health  
Nurse

### LOCAL DENTISTS COOPERATED

Result Showed 12 Per Cent of Chil-  
dren Having Perfect Teeth, 88%  
Needed Dental Work

A dental clinic has just been com-  
pleted of the school of the city under  
the direction of the city and school  
health nurse. The dentists of the  
city cheerfully cooperated by divid-  
ing up the schools and examining the  
teeth of all the children. The result  
showed but 12% of the children hav-  
ing perfect teeth and that 88% need-  
ed dental work in varying degrees.

Those directing the work feel that  
this is a most important service ren-  
dered when it is realized how much  
ill health is occasioned by poor teeth.

Each child was supplied with a  
slip to take home and the results of  
the work will be determined by the  
cooperation given by the parents. The  
following is the results by schools:

Harrison school—No. exam. 296,  
O. K. 26, Cleaning only 28, No. tooth-  
brush 54, per cent needing dental  
care 91.

Lowell school—No. exam. 389, O.  
K. 65, Cleaning only 21, No. tooth-  
brush 32, per cent needing dental  
care 83.

Lincoln and Riverside schools—  
No. exam. 342, O. K. 14, Cleaning  
only 41, No. tooth-brush 30, per cent  
needing dental care 95.

Washington school—No. exam 159,  
O. K. 15, Cleaning only 14, No. tooth-  
brush 20, per cent needing dental  
care 90.

Whittier school—No. exam. 224,  
O. K. 53, Cleaning only 6, No. tooth-  
brush 10, per cent needing dental  
care 76.

Catholic school—No. exam. 276, O.  
K. 18, Cleaning only 27, No. tooth-  
brush 26, per cent needing dental  
care 93.

### Planning to Build?

"When we mean to build  
We first survey the plot, then draw  
the model."

Act 2, Henry IV

Of course the first step in building  
a home is to acquire a building plot,  
then comes the selection of a suitable  
design. The question of building  
material is an important one, also.  
It has been said that one of the chief  
causes of the inharmonious character  
of the bulk of our modern American  
homes is the recently widened choice  
of building materials now obtainable.  
Transportation and modern invention  
have brought too generous a contri-  
bution to our doors.

### A National Preference

American statistics show that ten  
homes are built of lumber to one of  
any other material. There must be  
a reason for this national preference,  
and it is found in the fact that lum-  
ber is lower in cost than any other  
building material, and better fits the  
needs of the majority of us. Then,  
too, there is something essentially  
home-like in a house of wood. Com-  
pared with wood, other building ma-  
terials seem cold and inhospitable.  
Old Colonial dwellings, built entirely  
of wood, have weathered the bitter  
gales of New England winters and  
still stand as a conspicuous tribute to  
the enduring qualities of wood.

### The Joys of Home

So build of wood—and build now—  
and know the joy that comes to the  
man who owns his own home. He  
who owns his own home is a better  
citizen, takes a keener interest in  
matters of community interest, and  
has the respect of his fellow men. The  
English law says: "A man's home is  
his castle" but a little bungalow all  
one's own is far better than a rented  
castle!

We invite the home-builder to con-  
sult our plan service. Through it  
problems of material, construction  
problems and those of financing are  
easily solved. Let us help you.

THE MAHLUM LUMBER  
COMPANY

"Flower of the North"  
Clever acrostic spells the outstand-  
ing features of coming attraction.

Full of action  
Life as it exists  
Out in open spaces  
Wonders of nature  
Enthralling scenes  
Real Indian fight

One of the best films  
Famous author

Thrills that appeal  
Heart interest  
Entire cast of stars

New scenic backgrounds  
One of spectacular scenes  
Romance and drama  
The atmosphere of past  
Home life depicted.

This picture of the great north  
country is to be presented soon under  
the auspices of the Business & Pro-  
fessional Women's club, whose mem-  
bers are carrying on a spirited cam-  
paign for the selling of club tickets.  
A ticket purchased under this club  
plan entitles the holder to admittance  
to four feature pictures, with special  
musical and dramatic numbers, for  
the price usually paid for ordinary  
picture shows where no additional at-  
tractions are offered.

For scenic beauty, clever acting—  
intensely human portrayal of life as  
it exists in the great open spaces, di-  
rected by one of the greatest outdoor  
directors in the motion picture game,  
"Flower of the North," by James  
Curwood, cannot be excelled. The  
picture has everything to make it go  
over big, and the committee who se-  
lected this picture made a choice that  
will appeal to all types of theatro-  
goers.

The cast is second to none, headed  
by such well-known players as Henry  
B. Walthall of "Birth of a Nation"  
fame, and Pauline Stark, whose work  
in other Curwood stories has stamped  
her as an actress of note. This pic-  
ture is bound to stand out as one of  
the bright lights in motion pictures  
of the day. The other three pictures  
are noteworthy, and are played by  
stars in the film world. \$1.00 admits  
to all four—Let's Go!

Publicity Committee,  
I. McC.

### MARY E. HARTLEY

Wife of W. W. Hartley, Formerly of  
Brainerd, Died in Mountain  
View, Calif.

The Mountain View, Calif., Register-  
Leader of March 31 has this account  
of the death of Mrs. W. W. Hartley,  
former resident of Brainerd. In the  
early days of Brainerd Mr. Hartley  
was postmaster of Brainerd and in  
business in this city. The article  
states:

"The rest and peace for which she  
had prayed through many long, pain-  
racked days and weeks and months,  
finally came like a blessed slumber to  
Mrs. Mary E., beloved wife and con-  
stant companion for nearly half a cen-  
tury of our esteemed fellow towns-  
man, W. W. Hartley, on Monday, April  
27, at 4:30 o'clock in the afternoon.

"A private funeral service with only  
the members of the family present,  
was held at the residence, after which

STADLBAUER GARAGE

the interment was made in Cypress  
Lawn cemetery, in a double grave  
where reposed the remains of the  
lady's father, the late Francis Moor-  
man, this being in conformity with the  
expressed wishes of the deceased.

"Mrs. Hartley was born in Eureka,  
Michigan, on August 28, 1848. In that  
city on the 22nd of July, 1874, she be-  
came the wife of W. W. Hartley, who,  
with the following children survive  
her:

"Mrs. T. D. McLean and Mrs. M. J.  
Bacon, of Seattle; A. W. and J. E.  
Hartley, of Los Angeles; C. F. Hartley  
of Mountain View. All of these chil-  
dren, as well as a sister of the de-  
ceased, Mrs. Bertha Hunicutt of Aus-  
tin, Texas, and a nephew, David Hart-  
ley, of Modesto, were able to be at her  
bedside while she was yet conscious  
and could recognize and talk to them.

"The people of the community feel  
deeply for the bereaved husband, that  
splendid gentleman who has been a  
very active factor in business and so-  
cial life of the town here for a dozen  
years. No man bears a better reputa-  
tion for honesty and integrity; his  
word is as good as any man's bond;  
he is esteemed and respected by all  
classes of people. It is known to all  
here that he has devoted his entire life  
to the care and comfort of the woman  
with whom he has trod the pathway  
of life for forty-eight years since a dis-  
tressing accident some years ago made  
her a permanent invalid. He has lived  
only for her and in the hope that some  
measure of enjoyment might be given  
her.

Mrs. Hartley was a good woman and  
her children call her blessed."

## ADVERTISING IN COUNTRY PAPERS

Kellogg Toasted Corn Flake Company  
of Minneapolis, Minn., Advertising  
Throughout Minnesota

### PLAN FIRST TRIED IN IOWA

Brought Such Good Results That It  
Was Extended to Minnesota  
This Year

Using the same copy and schedule  
throughout Minnesota, the Kellogg  
Toasted Corn Flake Company of Min-  
neapolis is broadcasting the merits of  
these toasted corn flakes in about  
every newspaper of the state, country  
and city, daily and weekly editions.

This method of broadcasting was  
tried out in Iowa last year and proved  
so successful that it has been ex-  
tended to Minnesota this year. It  
reaches the people that buy corn  
flakes.

D. MacNaught of Minneapolis was  
covering the local situation the other  
day. Every grocery store in Iowa  
handles their products. Mr. Mac-  
Naught is well known in Brainerd  
and when he attended Pillsbury as a  
senior, two Brainerd boys, Ed Blake  
and Monroe Elder were freshmen  
there.

### Methodist Aid

The Ladies Aid of the Methodist  
church will meet Wednesday after-  
noon and be entertained by Mrs. G.  
E. Lammon, Mrs. J. H. Warner and  
Mrs. L. A. Canfield. Visitors are wel-  
come.

## BREAKS up FEVER

A chiropractor would rather get a fever case than anything else.  
Why? Because it is a common thing for fevers to break up after one  
or two adjustments have been given.  
Fever is excessive heat brought about by certain subluxations; as soon  
as the subluxations are adjusted and Nature can work normally again,  
the fever disappears.  
See your chiropractor. Consultations and spinal analysis Free.

## "NEWBERRYISM"

IN SEEKING to reopen the Michigan Senatorial contest and fight it out in every state from Maine to California, the Democrats assume the right of one state to settle the Senatorial contests of another. With a "holier than thou" attitude they undertake to assert that the voters of Michigan were either so ignorant or so corrupt that they cannot be trusted to express their preference in a Senatorial campaign.

When Mr. Newberry won the Republican nomination over Mr. Ford, the Ford supporters made a charge of excessive campaign expenditures and that charge was the main issue in the general election when Ford and Newberry were again rivals, Mr. Ford being the candidate on the Democratic ticket. The whole question of the campaign expenditure was thoroughly discussed before the people of Michigan, and after hearing the discussion and knowing all the facts, the people elected Mr. Newberry in preference to Mr. Ford. The Supreme Court later decided a criminal charge in Newberry's favor.

The decision of the majority of voters in the state of Michigan settles the question with most believers in popular government. There was no deception practiced. The voters of the state knew the character of campaign that had been made by the Ford organization in behalf of his candidacy and of the tremendous influence that was wielded by the Democratic Federal machine in his support. They also knew of the wide advertising campaign that had been conducted in behalf of Mr. Newberry. Yet with all the facts before them they voted their conviction that there had been no corruption and that all things considered they preferred Mr. Newberry as their Senator.

If the Democratic view of Senatorial elections is to prevail, then no close Senatorial contests will ever be conclusive, and no state majority can ever be certain that its decision will be observed in the selection of a representative in the upper branch of Congress. The inability of Democratic campaign managers to find any issues involving national policies is indicated by their repeated efforts to make what they call "Newberryism" the main issue of the coming campaign. But it is not at all likely that the great majority of the voters of the United States will take the view that it is their province to cast votes which will determine a Senatorship in Michigan.

## HIRAM HEARS FROM HOME

MANY PEOPLE have no doubt wondered what was thought of the Senate "Irreconcilables" who bitterly opposed the ratification of the Armament treaties, by their constituents "back home." It is evident from the Republican newspapers of California that Senator Hiram Johnson, long a popular idol, is losing his grip on the voters in that state. The Mountain View Register-Leader says:

"If Hiram Johnson believes that he is making his usual home-run hit with the Native Sons of the Golden West and their adopted cousins by the fight he has made and still is making, despite the fact the battle is all over and they are carrying off the dead, of which he is some, he is mistaken. He has the wrong pig by the ear this time. The people in California like the Four-Power Treaty mighty well. They believe it is the best thing of the kind they have ever known. Hiram's tirades don't sound good."

This paper then inquires "what kind of a game Hiram means to play next fall in his campaign for re-election to the Senate. Of course he will be a candidate for re-election if he lives. He always has been a candidate for political office, and will be as long as he lives. But how in the mischief can he square his attitude on this treaty matter with the principles of the party that has always elected him? He is in such a pitiful, hopeless, inconsiderable minority. Just himself and Borah and one or two other Bolsheviks, against all the rest of the Grand Old Party."

From which we infer that there are breakers ahead for Haughty Hiram in golden California.

## KELLOGG AFTER FARM AID

SENATOR KELLOGG will offer an amendment to the agricultural appropriation bill, when it comes before the Senate, increasing the appropriation to fight the barberry from \$200,000 to \$500,000.

The Senate committee increased the House figure \$52,800, but Senator Kellogg and several other Senators from the spring wheat belt believe that Congress should provide the money asked by the Farm Bureau Federations of these states.

BECAUSE of the uncertainty regarding the population of animal life, the Department of Agriculture, cooperating with the Postoffice Department, is going to conduct a pig census in May. When the census is completed the department will know as much about American pigs as it does about American men, women and children.

H. G. WELLS, noted English critic, having declared that Washington was indolent, the Mobile Register remarks that considering what Washington accomplished, one hesitates to estimate what would have been his record had he been an active man.

"THE REFORMATORY PILLAR" is a newsy eight page paper edited and printed by the inmates of the St. Cloud reformatory. This is the only paper in the world where the editor is never out when you call.

REPORTS on wholesale and jobbing trade in the St. Paul territory for last week are the best this year. Business is active, with the volume better than a year ago.

MANY of the Democratic newspapers of the state sharply criticize the action of the Democratic state convention in endorsing a woman as a candidate for United States Senator.

## ON THE HIGHWAYS

Still lower prices rule in highway work according to contracts let by the Minnesota Highway Department. This state saw a vast improvement in its highways last year, but with much lower prices prevailing state road funds should go even farther this year. Automobile license taxes are high, it is true, but for these taxes the property owner has the satisfaction of seeing quick, direct and lasting benefits, which is more than can be said for many other taxes.—Northfield Independent.

A telephone pole never hits a motor car except in self-defense.—Exc.

Tax on passenger automobiles in Great Britain is \$5 per horse power. The tax on an average car in Italy runs between \$2,000 and \$3,000 a year.—Exc.

Traffic on California highways is doubling every 30 months, according to an official report on records from the 3,200 miles of highway constructed and maintained by the State.—Exc.

Motorists on a certain highway had much difficulty in getting through a bad spot in the road. After driving into, then succeeding in backing out of the hole, one driver walked to a nearby farm house to inquire if he could not reach his destination over another road.

"There ain't no other way," said the farmer's boy.

"Oh, there must be some other," insisted the motorist.

"Nope—jes' go on in the hole and pa will be along in a bit to pull you out for \$4," said the son of the thrifty farmer.—Indianapolis News.

## ANSWERS TO QUERIES

Buster Keaton's Face  
"Why is Buster Keaton referred to as the 'frozen-faced comedian'?"

MOVIE FAN  
In reply would state that Keaton wears the same face without change of scenery through all his wild comedy. His face is about as devoid of smiles as a Sahara desert of water.

Why Lose Oberholfer  
"Why was Oberholfer let out of the Minneapolis symphony?"

MUSIC LOVER  
By perusal of the Minnesota Daily Star we find it was because he "lacked control". That is serious, as every fan knows that a pitcher lacking control is soon derelicted from the mound.

Flappers  
"What do you define as a flapper?"

ANXIOUS MOTHER  
A flapper, as near as we are able to tell, is a good looking girl who is up to the minute in style and carriage, is still of school age, brimming over with vitality and good spirits. She is naive and pretty, but the unforgivable thing about it is that she knows it too, and acts accordingly.

## EARNS HONORS

Miss Mildred O'Brien Gained Them in Seven Subjects at College of Saint Teresa

In the semester examinations held recently at the College of Saint Teresa, Winona, Miss Mildred O'Brien earned honors in the following subjects: Piano Methods, Church History, Psychology, History of Western Europe, Mythology, Anglo-Saxon, Seventeenth Century French.

Miss O'Brien is in the Junior class in the college.

Always Faithful in Service

It pays to own the Hupmobile. Everyone seems to know that it is especially long-lived, especially faithful in service.

It's almost a proverb among skilled repairmen that the Hupmobile is better built, and that it stays out of the shop far more consistently.

Owners have found that yearly repair and replacement costs, barring accidents, are next to nothing.

It is a remarkably fine performer when it's new; and the same fine performer when it's old.

## ED. LEVANT FOUND DYING ON BRIDGE

Discovered at 10 O'Clock This Morning on Interstate Bridge Between Duluth and Superior

### TWO BULLETS IN HIS CHEST

Story Given the Dispatch by Superior Telegram, Levant Taken to St. Mary's Hospital, Duluth

\*\*\*\*\*  
Edward Levant, who was shot Tuesday morning, died in Duluth, according to a telegram from Warren E. Pugh, Chief of Police, to Chief Charles H. Varner of Brainerd. The message was dated 2:02 p. m., Tuesday.  
\*\*\*\*\*

According to a telephone message received from the Superior Telegram near the noon hour, Ed Levant, well known Brainerd merchant was found at 10 o'clock Tuesday morning lying on the Interstate bridge between Duluth and Superior near the Duluth side. Later this was qualified by stating he was found at the foot of Garfield avenue.

Levant lay there soaked to the skin. Two bullet wounds were in his chest just below the breast bone. Levant was taken to St. Mary's hospital, in Duluth, where he is not expected to live.

Levant, as near as can be learned, said he was out with a party of friends in Superior and Duluth Monday. He claimed he was hit in the head by some one and thrown into the bay.

Levant said he crawled out and when on shore was hit again and thrown into the bay a second time. He crawled out once more.

No marks were found on his head, but he may have believed he was hit when he was shot twice.

He has a brother Charles living in West Duluth and a cousin Arthur Levant in Duluth.

Two men questioned by the police were Sid Riches, Jr., son of a contractor and a Doty, civil engineer.

As near as can be learned Mr. Levant left Brainerd Sunday evening on the 7 o'clock flier to attend to business matters and expected to return to Brainerd on the 2 o'clock train Monday.

When Mr. Levant failed to return home Monday, Mrs. Levant put in a call at Duluth and asked that a search be made for him.

People who know the topography of Superior and Duluth say that the lower end of Garfield avenue is in Duluth near the bay and that there is shallow water near shore. One local theory is that Mr. Levant may have been riding in a car, was robbed and shot and thrown from the car. He carried some money with him, said his wife. Friends say he could not swim.

Mrs. Levant left for Duluth at 2:20 p. m. Tuesday and was accompanied by her young son and by Dr. A. K. Cohen. As Mr. Levant is an Elk, the Elk lodge at Duluth was wired to look after his comfort at St. Mary's hospital.

I. Heinstein was left in charge of the store by Mrs. Levant.

### DE VALERA AND COLLINS WILL CONFER TO CONSIDER TRUCE

Dublin, April 11—Michael Collins, and Eamon DeValera, leaders of the Free State and Republican forces in Ireland, today accepted the invitation of the Lord Mayor of Dublin for a conference to consider a truce.

**Z. L. Y. P. S. Meeting**  
The postponed monthly meeting of the Zion Lutheran Young Peoples society of the Zion Evangelical Lutheran church, corner Main and Broadway, will be held on Wednesday evening, April 12. All members are requested to attend this important meeting.

#### MOTHER'S SENSE

Every woman knows that her House has to be cleaned thoroughly every Spring. During winter, dust, dirt and germs accumulate in the corners, under the rugs, in the curtains and every place. Just so with your system—it should be given a thorough cleansing, purifying this Spring. HOLLISTER'S GOLDEN NUGGET TABLETS will do the job slick and quick. They will clean your system, freshen and purify you all over—you'll enjoy living, eat better, sleep better—feel better. H. P. Dunn. Ad

### MRS. P. T. ANDERSON DIED

Passed Away This Morning at a Local Hospital Following an Operation for Rupture

Mrs. Carrie Anderson, age 59, wife of P. T. Anderson of 901 Fifth avenue Northeast, died at a local hospital following an operation for a rupture. She was taken sick Saturday and removed to a hospital where she died at 1 o'clock on Tuesday morning.

Mr. and Mrs. Anderson have lived in Brainerd 24 years. She was married in Red Wing, her maiden name being Miss Carrie Olson. She was a kindly and charitable woman who had a host of friends and whose friendship was treasured by all who knew her.

She leaves a husband and eight children. The five sons are Oscar M. Anderson of Nashville, Georgia; Arthur T. Albert O. Carl W. and Ben N. Anderson all of Brainerd. The three daughters are Miss Ida of Brainerd; Mrs. Fred Richter of Crosby; Miss Marguerite Anderson, who has just returned home from Georgia, where she had been teaching school. She has a sister, Mrs. Swan Peterson in Brainerd and a brother John Olson in Portland, Oregon.

All the children except two were at her bedside when she passed away. She was a devoted member of the Swedish Bethany church. The funeral will be held on Friday afternoon at 2:30 o'clock from that church. Rev. P. G. Fallquist officiating. The remains may be viewed at the church, the day of the funeral until 2 o'clock in the afternoon.

### MARCH REPORT

Of Crow Wing County Public Health Nursing Service Given, 154 Children Inspected

March report of Crow Wing county Public Health Nursing Service.

## MASON COLONY ON GULL LAKE VOTED

Engineers Plat 269 Acres Near Brainerd for Cynosam Club, as Announced in Minneapolis

### EACH LOT ONE-THIRD ACRE

Erection of First Group of Cottages Planned, Club House to be Built Later

Establishment this year of a summer colony of Minnesota Masons and members of the Order of the Eastern Star on Gull lake, near Brainerd, was announced by Dr. T. T. Warham, of Minneapolis, president of the Cynosam club, the holding organization for the property. Engineers are platting the 269 acres acquired by the club. Each lot is to be one-third of an acre. Erection of at least six cottages is planned, Dr. Warham said, and others will be erected later. For this year the club plans to have tents for members.

"We intend to build a large clubhouse eventually," Dr. Warham said. "We will have a ball ground, tennis courts, golf links and a store too. Beginning May 1, a man will be employed on the grounds to assist club members who want to build cottages. There is a wonderful beach and the site is ideal for a summer camp. 'Cynosam' is Masonic spelled backwards."

Members of the club number 65 and indications are that as soon as Masons throughout Minnesota are informed of the club, this number will be increased.

#### Bethlehem Lutheran Church

The special services began last night; they were well attended. The American language will be used during the rest of the series. The pastor will speak tonight on "The Blood of Jesus." Wm. Anderson will sing. Everybody is cordially welcome.

On Wednesday at 2 o'clock in the afternoon there will be a rehearsal with the children for the Easter program.

## WAGES ARE REDUCED FOR WORK ON ROADS

Small Individual Cuts to Aggregate \$250,000 Total for Season as Made by State Department

### NEW ECONOMY SCHEDULE

New Rates in Line With Those Paid by Counties in State and by Private Employers

A new economy state highway wage schedule, with decreases averaging about 15 per cent and expected to total \$250,000 for the season, was made public this week by Charles M. Babcock, state highway commissioner.

The new rates are in line with those being paid by counties throughout the state and also by private employers. They have been accepted generally as fair, the highway officials asserted, and will mean correspondingly greater results for the same outlay of money. The 1932 wage scales:

	1931	1932
Patrolmen, 1 r.	65-75c	55-60c
Laborers, hr.	30-40c	25-30c
Teams, hr.	30-40c	25c
Truck drivers, hr.	50c	40c
Foremen, mo.	\$175	\$150
Grader oprs, mo.	135	120
Tractor oprs, mo.	160	140

The rates for patrolmen include pay for one team and rental of equipment. Patrolmen who will receive 60 cents an hour are in the majority but the 55 cent figure has been adopted for several districts to meet local conditions. In some of the latter cases the further reductions were made to meet the schedules adopted by county road officials. The team rates include 12½ cents an hour for additional horses when needed.

The reductions in state highway labor schedules, according to the highway department, are fair to the loyal employees yet closely comparable to the price cuts in highway construction prices which now are lower than for many years.

## Many New Models of Women's Spring Dresses

And only one of each model. But what a refreshing privilege to inspect the new frocks and enjoy this early view of the new styles.

What a satisfaction to know that the next social function will find one ready with a gown that no one has seen before—in a style that has never yet been worn publicly in the community.

That's why they are here, a week or so in advance of the natural expectation.

Come early, while the collection is complete, for variety dwindles quickly where the quantity is so small.

And, as Easter is near, why not select one now. The selection is the best we have yet had.

### New Oxfords

Remember that our new spring oxfords are priced to close. You will do well to see these before purchasing Easter footwear.

## H. F. Michael Co.

### GOOD PLATES ASSURED

Faulty License Tags to be Replaced, Secretary Mike Holm Announced to Car Owners

Some of the motor vehicle license plates issued for state registration of automobiles are not wearing properly. These will be replaced without cost the owner of the automobiles

or to the state on application of owners. Mike Holm, secretary of state, said Saturday.

"The manufacturer has explained that the difficulty is due to the failure of a certain quantity of paint used on one lot of plates," Mr. Holm said. He is ready to replace any that did not turn out right. If any motorist who received poor plates will report to this department we will place

an order for new ones and exchange them."

AMUSEMENTS

"Ten Nights in a Barroom"

The popular demand for motion pictures having a wide appeal has led to the inevitable production of "Ten Nights in a Barroom" on a scale, commensurate with the vastness of the title, which will be shown last time tonight at the New Park. This producing unit has been responsible for many great screen successes, but none greater than this. Oscar Apfel directed the picture.

He had good material to work on. The story is sixty years old; as a novel it has sold many millions of copies all over the world, ranking with the Bible and other classics. There is probably not a home on the civilized globe where the title of the book is not known, and as a stage play it has been seen by multitudes.

"The Cave Girl"

"The Cave Girl," a vivid, pulsating story of youth, romance and adventure, enhanced by magnificent outdoor scenery, plays at the New Park Wednesday and Thursday.

The Yosemite Valley, one of the nation's greatest natural parks, is shown in all the glory of its winter garb, giving film audiences the first opportunity of seeing this outdoor playground as it has never before been screened.

Such a wonderful setting has been given to the spontaneous comedy by Guy Bolton and George Middleton, which, in its stage version, scored a successful run on Broadway. All the elements of appeal that made the play a popular success have been retained in its transformation upon the screen and the result is said to be a picture of tense interest and stupendous thrills and scenic effects.

Conflict, action, romance, adventure and humor mingle together as the primitive cave girl, struggling for existence in the snow bound mountain fastness, finds a legitimate prey in a party of social New Yorkers who occupy a neighboring cabin.

Teddie Gerard, American beauty, whose name is a byword in European theatrical successes, returns to her native land in the leading role. She is supported by an excellent cast that includes Charles Meredith, Wilton Taylor, Eleanor Hancock, Lillian Tucker, Frank Coleman, Boris Karloff, Jake Abrahams and John Beck.

"The Bat," Year's Biggest Success, at New Park Soon

"The Bat," the dramatic success both in New York and Chicago, which has resulted in new records not only for the length of the run but for the gross receipts at the box offices, will be the attraction at the New Park theatre, Brainerd, April 20th, for one night only.

This is good news for the local theatregoers. Certainly no play in the last 20 years has aroused the interest or scored the astounding success, that has been the portion of "The Bat."

This thrilling mystery story, dramatic in the extreme and filled with quite as many thrills, was written by Mary Roberts Rinehart and Avery Hopwood, both noted for their success as playwrights. It is presented under the management of Wagenhals and Kemper, producers with reputations long established for success.

It is with pleasure that we announce George Allan Wilson, a former resident of Staples, as playing the leading role in "The Bat." Undoubtedly his many Brainerd friends will be delighted with this bit of news and certainly will appreciate his fine acting. "The Bat" is no moving picture.

Meet the Author of "The Last Trail"

Nearly every reader of red-blooded American fiction, probably, has read stories by Zane Grey. Even the few who have not at least know him by reputation as the past master of tales of daring and adventure dealing with life in the wilder regions of the great west.

Zane Grey, a native of Zanesville, Ohio, is only 47 years of age, and all his celebrated literary work has been done since 1904. Prior to that time, for half a dozen years or more, he practiced dentistry in New York. From pulling teeth to pulling crowded houses at motion picture theatres is something of a jump—but with the aid of William Fox, the well-known photoplay producer, he has made it.

Four of Zane Grey's stories screened by Fox with William Farnum as the star have achieved sensational success throughout the country. These are, "Riders of the Purple Sage," "The Rainbow Trail," "The Lone Star Ranger" and "The Last of the Duanes." These thrilling film dramas are unforgettable by any one who has seen them.

Now comes a fifth Zane Grey story produced as a motion picture "super-special" by Fox. "The Last Trail" is to open an engagement here at the Lyceum theatre tomorrow. Here is a tale of mystery, of a lone bandit's operations, of a bursting dam and

flooded town, of speedy action, valor and tender romance. Surely "The Last Trail," handled by Fox, should prove wonderfully fine entertainment.

NORTHWEST NEWS

Grain Growers Conference

Fargo, N. D., April 11.—Amalgamation of grain growers organizations of the state into a marketing organization to handle the 1922 crop will come before five of these organizations holding a conference here today.

Societies represented are: U. S. Grain Growers; Equity Co-operative Exchange, National Wheat Growers of North Dakota, Northwest Wheat Growers, and the North Dakota Farm Bureau. All except the Northwestern Wheat Growers have expressed themselves as favoring the amalgamation and there is no indication that the latter organization is opposed.

The farm bureau took a referendum on the matter among its membership as a vote of confidence on their action today and the result was an overwhelming majority in favor of the proposition.

The questionnaires sent out by the present grain growers directors for the state and past director U. L. Burdick asked an expression on whether a state unit shall be formed to function for all growers.

Shall the farm bureau members sell through some other farmers' agency until such time as the U. S. Grain Growers have established operating selling agencies, is another question being asked of members.

The questionnaire attacks the attitude of C. H. Gustafson, national president of the Grain Growers alluding to his attitude as "vaccinating" North Dakota members are understood to be opposed to consigning grain to the regular commission houses.

"We could have done that," past Director Burdick declared, "without going to the expense of organizing the farmers."

PEOPLE OVER 40

Death Rate Increases Much Faster After This Age is Reached

To live to a ripe healthful old age is the desire of everyone—but signs of physical decay begin to appear when this age is reached. Weak, thin blood, rheumatism, constipation, indigestion, sour gassy stomach, weak kidneys, liver trouble and gall stones are symptoms that may appear.

Faulty and improper elimination of the poisonous wastes show that you must assist nature to relieve the system of these poison wastes otherwise your life is in danger.

People over 40 will find that Bulgarian Blood Tea, the famous vegetable family medicine taken once or twice a week will assist nature to cast the poisonous wastes from the system and help them to feel years younger.

Millions are now using this splendid vegetable blood and system tonic. Physicians and druggists knowing its effectiveness and purity never hesitate to recommend it. Adv.

HUGHES TAKES HAND IN NAVY REDUCTION FIGHT

Washington, April 11.—Secretary of State Hughes today took a hand in the fight against reducing the personnel of the navy to 67,000 men.

In a letter to Representative Rodgers, of Massachusetts, he said it would be injurious to the interest of the United States not to maintain fully the standards "of the naval limitation treaty."

American People Robbed by Fraudulent Contracts During War

Washington, April 11.—The American people were robbed of hundreds of millions of dollars through fraudulent contracts made during the war, Representative Johnson of South Dakota, and Woodruff of Michigan, Republicans, charged in the House today.

They demanded a congressional investigation and prosecution of the guilty persons by the Department of Justice.

MARKET REPORT

PYROTECHNIC DUMP EXPLODES; 1 KILLED AND 11 ARE HURT

(By United Press.)  
San Antonio, Texas, April 11.—John Benner, an enlisted man of Baltimore, Maryland, was killed and eleven others injured when a pyrotechnic dump at Camp Bullis exploded in a demonstration of night firing by the 17th infantry training battalion.

Physicians today said nine of the injured were in a critical condition.

Compare flavor and crispness!  
**KELLOGG'S** against any  
Corn Flakes you ever ate!

Takes the rough edges off hopping out of the covers these snappy mornings just thinking about that lusty bowl of Kellogg's Corn Flakes waiting down-stairs! Big and brown and crispy-crunchy flakes—a revelation in appetizing flavor, wonderful in wholesome goodness—the most delicious cereal you ever tasted!

Instantly you like Kellogg's, not only because of appealing flavor, but because Kellogg's are not "leathery"! Kellogg's are a delight to eat, as the little folks as well as the big ones will tell you! And Kellogg's ought to be best—they're the original Corn Flakes! You have only to make comparison to realize that quickly!

KELLOGG'S Corn Flakes for tomorrow morning's spread! They get the day started right! Insist upon KELLOGG'S Corn Flakes in the RED and GREEN package—the kind that are not leathery!
